IN MEMORIAM.

Rev. Wm. R. Gibbs was born in Crittenden County Ky., Oct. 25, 1841. At the age of ten or twelve years he professed faith in Christ and united with a missionary Baptist church. Notwithstanding he was left without either father or mother at the age of eight years, he acquired an education and in his early life taught in the public schools of the county.

In early manhood he entered the ministry in which work he was actively engaged the remainder of his days.

He was very zealous in the work and though his eye sight failed him, leaving him totally blind some five years before his death, he lost none of his energy but pressed right on in pastoral and revival work being pastor of four churches at the time of his death. Many were the storms he faced mingled with the hot rays of the sun and cold blasts of winter in reaching his appointments.

His preaching was principally extemporaneous using very few notes if any. In his sermons he quoted scripture freely, giving Book, chapter and verse.

He was a man of deep consecrations having great power with God in prayer.

We are without a record of his work at hand but we know that he was pastor of many churches in this and adjoining counties and witnessed hundreds of conversions and baptized a large number of people.

He was in the organization of

Teachers Association, Whitehall, September 24th.

Blessed are the dead which die in the Lord from henceforth ye saith the Spirit, that they may rest from their labors; and their works do follow them. Written by one who loved him. U. G. Hughes.
